

Rezoning application R0002/12 120-122 Mona Vale Rd

Attention the General Manager

I wish to object to this rezoning application as this land is in a critical situation regarding connectivity between Ingleside Chase Reserve & Katandra Bushland Sanctuary and has been identified as a fauna crossing hot spot in the 2011 SMEC report prepared for the RMS

I believe that Council should negotiate with the owner to ensure connectivity is preserved

The whole escarpment is in danger of become genetically isolated.

Fauna that reside there may become locally extinct in a stochastic event such as a bush fire.

The overall picture of development in this area is being done as a piecemeal fashion when we need an overarching regional plan that includes connectivity between Ku-ring Gai & Garigal National Parks, Warriewood Wetlands, the Ingleside Escarpment & Katandra Bush Sanctuary

Kind regards,

Jacqueline Marlow
