Submission for 6 Brisbane Place, Cromer.

The above property has been built close to the boundaries and with the new extension it will now impact even more on my privacy and loss of amenity.

I feel the windows in the new extension will be too large and a smaller type up high would be more suitable. Any window in the new extension will impact on my privacy.

It appears having a wet bar will be converted into a kitchen making it dual occupancy.

The building as it is now, is very close to the boundaries and noise is high.

Kind Regards
