RE: Mod2016/0293 - 80 Evans Street FRESHWATER NSW 2096

Extended working hours at the Harbord Diggers Club redevelopment would greatly impact on our lives. I work from home a few days a week and already the level of noise and the trucks driving too fast down Evans Street are concerning. My partner is a paramedic and does shift work, so sleeps during the day and has a stressful job, so doesn't need anymore added to this. If the hours of construction were to increase this would impact on what little peace we currently have, especially during the evening. As it is we have to have every window and door shut with a fan on to remotely block out noise in the middle of the day, we don't want to be locked inside for longer because of this. I do not think it would be fair to extend working hours until 8pm especially as we want to be able to enjoy the reason we live here, the peace and the beach.
