RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107

I travel to Avalon to work every week.

In recent years I have seen the hillside become less green, with less canopy, and full of houses.

We need every tree and every parcel of bush to be kept intact for our increasingly stressed native animals.

We do not need another big concrete block where the natural bush has been bulldozed.
