RE: Mod2018/0173 - 28 Mona Street MONA VALE NSW 2103

Will this amendment involve the removal of any of the large trees at the front of 28 Mona St?
If any of these trees are to be removed we would like to have it recorded that we are opposed to their removal. The owners of 28 Mona St have already removed every other tree on the block significantly effecting the immediate natural environment. To remove any of the remaining trees would be excessive.
