RE: DA2021/1620 - 31 Moore Road FRESHWATER NSW 2096

I oppose the DA proposal on the basis of parking impact on neighbouring and surrounding properties .
I have constantly had to call upon council rangers and police to deal with partially or fully blocked driveway access, and the top two reasons cited for poor parking behavior is due to a want in going to the beach, and going to the pub .

Please note - i have endured instances where people will leave their cars (blocking my access either partially or fully) on a Friday night, drinking and leaving their car until the Monday. In doing so, i have not been able to access my property for entire weekend periods as people use surrounding driveways as parking spots to satisfy their needs above those of residences. Please note, i am confident the council can call upon extensive records of complaint from me in regards to this matter, so this feedback is not one-off in nature, nor is it tarnished from a recency bias, it is accumulated evidence and experience spanning decades, which has become significantly worse in recent years as a result of more residents.
