Subject: DA for bowling green at Harbors Diggers

Dear Sir/Madam

I am writing in protest at this application. When we managed to downsize my elderly mother to the Over 55s centre at Harbord we were happy that she had found a peaceful and beautiful location to spend her twilight years. Now the rapacious Mounties group using their vast hoard of ill gotten poker machine profits are attempting to destroy this tranquility. Using the Trojan Horse of a bowling green to open a licensed premises in very close proximity to retirement residences. It will not have escaped your attention that bowling greens all over the area have closed and become derelict. This application is inappropriate and should be dismissed summarily.

Yours sincerely

James Sibraa
