**RE: DA2024/1216 - Gourlay Avenue BALGOWLAH NSW 2093**

In response to the amended DA for North Harbour Marina, i am opposed to the request to implement a 50 metre channel. This is for the same reasons shared by other members of the community whom I know there have been many phone conversations and submissions made.

The channel, if the environment impact is not enough alone, will increase the likelihood of reduced safety to kayakers, fishermen, paddleboarders, swimmers and small boat users in this small bay.

This area is very close to the North Harbour Marine sanctuary protecting fish breeding seagrass and turtles.

Please deeply consider and refuse this request for the community and our future generations.

We object to this development with the current amendments. The Council should too.
