RE: DA2020/1233 - 68 - 90 Evans Street FRESHWATER NSW 2096

My concerns are:

Breach of our privacy

Rowdy and noisy we can hear the club from the open gaming area is is noisy and abusive language drunks and animals this would be even worse if they were allowed to use the bowling green area,

Upsetting and stress causing to look out on to my unit faces the green.its bad enough with yoga and the public taking their dogs on our green far less the Diggers club members insult to injury.

Safety as do not feel safe with non residents strolling around our areas

This was not what we were sold

Sick to death of building works we have put up with two years of noise and dirt totally unacceptable.

Depressing

This is a over 55 yrs development and not a rsl club

Please do not let this go ahead

Please refuse planning permission it will be an eyesore and out of proportion with the surrounding gardens

Thank you
