RE: DA2023/0718 - 52 Cabbage Tree Road BAYVIEW NSW 2104

DA2023/0718 Bayview Golf Club

I support the development. It represents an improvement to the golf course, without significant environmental impact. The gold course is a haven for wild life and provides an enhancement to the Bayview area.

The golf club is very aware of its responsibilities within the community and how it can assist in environmental management in the Bayview area.
