RE: DA2021/1805 - 4 Alexander Street COLLAROY NSW 2097

RE: Proposed development at 4 Alexander Street, Collaroy (DA2021/1805) another very nice, sensibly sized development to try and smarten up these tired old areas. blends beautifully with the street and its surroundings. great for the community to have some more over 55s living. if i could get one simple point across regarding these proposals it would be that northern beaches council needs to stop being so objectionable and start listening and supporting the community and its wishes. after all that is the reason you are there
