RE: DA2024/1327 - 7 Pacific Road PALM BEACH NSW 2108

My submission is with regards to over development of the plot
7 pacific already has a substantial home on a steep land slip plot . A secondary dwelling
would overdevelop the site with massive land slip issues , defacing of natural cliff face and
building above the natural tree canopy
It also proposes the loss of views to the neighbours .
Please consider amending the plans for a build more suitable for the site and the future of
palm beach
