Subject: DEVELOPMENT APPLICATION OBJECTION TO DA 2020/1758 - 11 Lewis Street, Balgowlah

To Northern Beaches Council

I would like to strongly object to the proposed Child Care Facility at 11 Lewis Street, Balgowlah. This is very much a residential area not a commercial one. It is on-route to the school at Balgowlah Heights where the children walk on the way to school and the coming and going of cars would eventually cause an accident. It would also strongly have an impact on the streets surrounding Lewis Street with traffic going to and from the child care facility. It would also greatly affect the current occupiers of houses that are actually situated in Lewis Street. Why should they have their total existence destroyed by such a proposal.
