**RE: Mod2023/0684 - 1193 Barrenjoey Road PALM BEACH NSW 2108**

As a long time frequenter of this area and a regular visitor to this premises in its previous iteration, I fully support the extension of trading hours from 4pm to 11pm so I, other residents of the local community and my guests travelling to this wonderful location from further afield can take full advantage of the beautiful late afternoons and evenings when dining and entertaining. To restrict the closing time to 4pm would not only limit my enjoyment of this local attraction but limit the enjoyment of visitors and may even discourage them from visiting. It would be a disservice to everyone if this extension was not approved. we should be finding more ways like this to encourage not discourage people from visiting the area.
