Effective Date: 25 October 2016

Instructions

#### **Purpose of the Waste Management Plan**

This Waste Management Plan (WMP) will detail the arrangements for waste management during all stages of development and occupation.

The WMP must be completed in accordance with the Waste Management Guidelines (Guidelines).

A completed WMP is a mandatory requirement for any Development Application (DA) submitted under WLEP 2011 or WLEP 2000. DAs that are submitted without a completed WMP will be rejected or refused by Council.

### **Structure of the Waste Management Plan**

All applicants are required to complete the 'Applicant and Project Details' part of the WMP and include it with the relevant Sections that apply to their proposed development.

The WMP is divided into Sections and applicants are only required to complete the relevant Sections in accordance with the Guidelines. The table below identifies which Sections are relevant to which development types.

For example, if the proposed development was to include demolition of an existing structure and construction of a single dwelling, the relevant Sections would be Sections 1, 2 and 3.

Section	Development Type^
Section 1 – Demolition	All
Section 2 – Construction	All
Section 3 – On-going waste management for one or two dwellings	One or two dwelling developments Mixed-use developments containing one or two dwellings
Section 4 – On-going waste management for three or more dwellings	Three or more dwelling developments Mixed-use developments containing three or more dwellings
Section 5 – On-going waste management for	Commercial developments
nonresidential and mixed use developments	Industrial developments
	Mixed-use developments
Section 6 - Private roadway developments	Private roadways

^Note: the definitions of the development types are provided in Section vi of the Introduction to the Guidelines

Effective Date: 25 October 2016

#### **Applicant and Project Details**

Complete this page and the relevant Sections that apply to your proposed development.

#### **Project Details**

Description of proposed development:	Renovation of 11 existing Greens complexes Construction of 1 new Green complex
Structures to be demolished:	

#### **Applicant Declaration**

#### I declare that:

- 1. This plan has been completed in accordance with the Waste Management Guidelines
- 2. To the best of my knowledge, the details on this form are accurate and correct

Effective Date: 25 October 2016

#### I understand that:

- 1. All records demonstrating lawful disposal of waste will be retained and kept readily accessible for inspection by regulatory authorities such as Council, NSW Environment Protection Authority or WorkCover NSW.
- 2. A bond in accordance with Council's fees and charges may apply to this development and must be paid to Council prior to any works commencing.
- 3. The bond will only be refunded when Council is satisfied that all waste outlined in this plan has been managed as per the plan, and evidence such as photos, receipts and statutory declarations must be supplied where appropriate.

	Section 2 – Construction

The applicant must submit a Site Plan showing the structures to be demolished and storage areas for waste and construction materials (if the development also includes construction).

Have you included the following:	Applicant Tick
<ul> <li>A site plan showing:</li> <li>The structures to be demolished.</li> <li>Potential storage areas for waste to be reused, recycled, or disposed of.</li> <li>Materials storage</li> </ul>	
The table on the previous page, completed in accordance with 'Chapter 2 – Construction' in the guidelines.	

## **Section 3 - On-going waste management for one or two dwellings**

This section is to be completed in accordance with 'Chapter 3 – On-going waste management for one or two dwellings' of the Waste Management Guidelines.

Type of development:	
Number of dwellings:	

Do your architectural and landscape plans include the following:	Applicant Tick
Waste Storage Area design requirements (Chapter 3.2.)	
Waste Storage Area location requirements (Chapter 3.3.)	

## **Section 4 - On-going waste management for three or more dwellings**

This section is to be completed in accordance with 'Chapter 4 – On-going waste management for three or more dwellings' of the Waste Management Guidelines.

Type of development:		
Number of dwellings:		
WMP Checklist and Applicant Declaration		
Do your architectural/landscape plans include the following:	Applicant Tick	N/A
Waste Storage Area design requirements (Chapter 4.2.)		-
Waste Storage Area location requirements (Chapter 4.3.)		-
Pathway, access and door requirements (Chapter 4.4.)		-
Clean-up waste requirements (Chapter 4.5.)		
Kerbside (on-street) waste collection requirements (Chapter 4.6.)		

On-site (off-street) waste collection requirements (Chapter 4.7.)

# Section 5 – On-going waste management for non-residential and mixed use developments

This section is to be completed in accordance with 'Chapter 5 – On-going waste management for non-residential developments' and 'Chapter 6 – On-going waste management for mixed use developments' of the Waste Management Guidelines.

Type of development:	
Number of commercial premises:	
Number of Waste Storage Areas:	

Do your architectural/landscape plans include the following:	Applicant Tick	N/A
Waste Storage Area design requirements (Chapter 5.2.)		-
Waste Storage Area location requirements (Chapter 5.3.)		-

## **Section 6 - Private roadway developments**

This section is to be completed in accordance with 'Chapter 7 – Private roadway developments' of the Waste Management Guidelines.

Type of development: \_\_\_\_\_\_\_ (Only applicable for sub-divisions)

## WMP Checklist and Applicant Declaration

Do your sub-division plans include the following:	Applicant Tick	N/A
Council's waste vehicle design requirements (Chapter 7.2.)		
Waste Storage Area requirements (Chapter 7.3.)		

# Water Management – Bayview Golf Club

## **Waste Management Plan**

- Collection area for all recyclable & general waste to be situated at course maintenance facility situated on Cabbage Tree Road. ( See aerial photograph showing location )
- Twin 5m3 bin to be used for all recyclable materials , paper base & plastics
- Single 7m3 bin to be used for general building waste.
- Bins to be positioned above Max Flood Level.
- All waste materials to be cleared from work areas daily to skip bins.
- Bins supplied and disposed by Brown Bros Waste Management.
