Subject: DA2019/1173 3 Berith St., Wheeler Hts., NSW, 2097

Attn; Ann-Marie Young.

The above property shares a boundary with the rear of my property.

I wish to object to council blatantly ignoring low density zoning of this property & allowing it under the thinly veiled guise of seniors self care.

At 92 years of age I object to the constant noise & dirt that I will be subjected to during the minimum 3 year construction. The nature of the subterranean ironstone guarantees a long arduous build.
