RE: DA2019/1234 - 0 Wharves And Jetties MANLY NSW 2095

Wish to raise objection to this development as it concentrates too many people on an inadequate area with an already high alcohol consumption pattern and hence the associated anti-social behavior.

Manly already has enough ALCOHOL venues and we don't need more.

Manly community also wishes to keep the character of our area and not ruin it with inappropriate development.

Council should be awake to the concerns of the community (i.e. the 99%) and not pander to a few who are only interested in SELF INTEREST.
