RE: DA2019/0123 - 80 - 82 Mona Vale Road MONA VALE NSW 2103

I feel the area would greatly benefit the addition of an organic farmers market as there are thousands of residents around the area seeking fresh organic produce to feed themselves and family's.

Most of the produce isn't readily available in supermarkets and what is available isn't in comparison at all.

It would help with the Organics as the Friday market doesn't carry much organic produce.
