Hi,

This is an objection to the amended plans of the Development Assessment of DA2022/0596 address Lot CP SP 35989 29-37 Dobroyd Road Balgowlah Heights.

This proposal of development is grossly over populating a small area of 382 m2 with very little facility for vehicular activity and with very limited public transport (bus only ... and not very often and not reliable).

Hope council rejects this proposal.

Kind regards

Ross and Anne Hutchison
