Subject: Re: War Vets Phone Tower

Dear Mr Brownlee and Mr Amon,

I live at the ANZAC RSL Village with my elderly Mother and am very worried because our mobile phone reception is so unreliable, sometimes there is no reception at all and other times it breaks up so much that we can't hold a conversation. We and all the other residents depend on our mobile phones and it is really unacceptable in this day and age that we can't even make a simple phone call.

Please help us get the phone tower so desperately needed and remedy this worrying situation.

Kind regards,
Vicki Seffadj
