**Subject:** DA2020/0962.Hugos Manly application

Dear counsellors,

I hadn't realised that applications for submissions closed -my apologies, as a resident I hope you're still accept this. I support the application wholeheartedly, I think the venue is a great place and being able to seat more people only improves residents and visitors. Hugo's is large local employer providing much-needed work to many younger people and students requiring shiftwork. The restaurant is run extremely well and from the many times that I've been there would appear causes little or no disturbance surrounding residences. Please support this application. Yours faithfully

David Milton
