## 1. INTRODUCTION

Ergon Consulting has been engaged by the client CTA Group to undertake an assessment and provide professional opinion in regards to access for people with disabilities to and within the proposed reformer pilates studio within the existing multi tenancy building located on Level 1, Suite 3, 29-33 The Corso Manly NSW.

This report has been prepared to be submitted with development application and has relied on the following design documentation prepared by Lane & Grove (*attached in Appendix 1*).

Document Number	Rev	Title	Date
DA_A01	02	Existing Tenancy Plan	31.01.25
DA_A02	02	Proposed Tenancy Plan	31.01.25

### a. Purpose of report

The purpose of this report is to identify the extent to which the design documentation complies with the applicable accessibility provisions found within:

- Building Code of Australia (BCA) 2022 Volume 1, Part D4 (*Access for people with a disability*), Clause E3D6, E3D7, E3D8 (*Lift Installations*), Clause F4D5, F4D6, F4D7, F4D12 (*Sanitary and Other Facilities*) – applicable requirements;
- Disability (*Access to Premises – Building*) Standards (DAPS) 2010;
- AS1428.1-2009 Part 1: General requirements for access - New building work;
- Northern Beaches Council – Manly Development Control Plan 2013 – Part 3.6 Accessibility (*applicable accessible requirements*); and
- General best practice access requirements.

### b. Report Exclusions

This report should not be misinterpreted that it provides an assessment for compliance with the following:

- Occupational Health & Safety Act and Regulations;
- Work Health and Safety requirements;
- Requirements of any standards that are not identified within this report;
- Any parts or specifications of the BCA not directly referenced within this report; and
- Disability Discrimination Act (DDA) 1992.

It is also conveyed that this report does not form part of the design documentation prepared for this project.

# ERGON CONSULTING

## 2. DEVELOPMENT DETAILS

### a. Project Description

The proposed reformer pilates studio located within the existing multi tenancy building will generally include the following:

- Reception, seating area, change rooms, existing sanitary facilities; and
- 3 reformer studios.

### b. Building Details

The building(s) that are referred to within this report can be described as follows:

Property Address: Level 1, Suite 3, 29-33 The Corso Manly NSW 2095

Legal Description: Lot 910 DP875567

Total Tenancy Area: 300m<sup>2</sup> approx.

Proposed Building Classification(s):

Class 9b – Reformer Pilates Studio

Note: Building classifications determined in accordance with Part A3 of the BCA.

3. PREMISES STANDARDS ASSESSMENT

a. General

The following assessment summarises the compliance status of the design drawings with reference to the Disability (*Access to Premises – Buildings*) Standards 2010 – Premises Standards.

The Guideline on the Application of the Premises Standards Version 2 February 2013 (*Premises Standards Guideline*) has been used as an aid to interpret the requirements of the Premises Standards.

b. Assessment

Application of the Premises Standards

The Premises Standards are triggered when new building work is undertaken that requires a building approval. This includes new buildings and existing buildings undergoing a change of use, extensions or modifications.

‘New Work’ and ‘Affected Part’ within the Existing Building

The Premises Standards states when new building work is undertaken within an existing building and a building approval is required for the new work, the requirements for upgrading access are limited to the area of ‘new work’ and the ‘affected part’, and does not extend to the existing areas where building work is not taking place.

The ‘new work’ and ‘affected part’ must comply with Schedule 1 found within the Premises Standards Access Code or the accessibility provisions found within the Building Code of Australia (BCA) and relevant Australian Standards relating to access. Refer to Part 4 of this report for BCA Assessment requirements and details.

**Lessee Concession**

**The Premises Standards provides a limited concession where a building is occupied by a number of lessees, i.e., by 2 or more lessees, and an application for approval of building work is made by one of the lessees for work on the area of the building that they lease, there is no requirement on the lessee or any other person to provide a continuous accessible path of travel to the area of new work which the person leases.**

**This concession recognises that the lessee generally has no control over those parts of a building that they do not lease, such as the common areas of a building.**

Extent of ‘New Work’ and ‘Affected Part’ within the Existing Building

The new work and affected part consist of the following red shaded area shown in the following image.

*Proposed Floor Plan – Not to Scale*

## 4. BCA ASSESSMENT

### a. General

The table below assesses the compliance status of the design documentation in terms of the prescriptive accessibility provisions found within the Building Code of Australia (BCA) 2022 Volume 1.

The references within this table are only access related parts or clauses found within the BCA and those applicable to this project.

To parts or clauses of the BCA that do not comply or design detail is not provided, a comment or recommendation is provided to achieve compliance.

The compliance assessment outcomes are classified into the following categories:

Key	
Noted	The subject clause is for guidance or for information only.
Complies	The design complies with the subject clause.
Capable of complying at CC stage	The design has shown general compliance with the subject clause. Further details are required during the construction certificate stage to achieve full compliance.
Design information required at CC stage	The design does not show sufficient details to achieve compliance with the subject clause. Further details are required during the construction certificate stage to achieve full compliance.
Does not comply	The design has not achieved compliance with the subject clause.
Not applicable	The subject clause is not applicable to the proposed design.

### b. Part D4 – Access for people with a disability

BCA Clause	Status	Comment/Recommendation
<p><b>D4D1. Deemed-to-satisfy provisions</b></p> <p>1. Where a Deemed-to-Satisfy Solution is proposed, Performance Requirements D1P1 to D1P6, D1P8 and D1P9 are satisfied by complying with –</p> <ul style="list-style-type: none"> <li>a) D2D2 to D2D23, D3D2 to D3D30 and D4D2 to D4D13; and</li> <li>b) In a building containing an atrium, Part G3; and</li> <li>c) In a building in an alpine area, Part G4; and</li> <li>d) For additional requirements for Class 9b buildings, Part I1; and</li> <li>e) For public transport buildings, Part I2.</li> </ul> <p>2. Where a Performance Solution is proposed, the relevant Performance Requirements must be determined in accordance with A2G2(3) and A2G4(3) as applicable.</p> <p>3. Performance Requirement D1P7 must be complied with if lifts are to be used to assist occupants to evacuate a building.</p>	Noted	<p><b>Performance Compliance</b></p> <p>The new building work will generally follow a D-t-S path for achieving compliance.</p> <p>Where D-t-S compliance is not achievable a performance based solution must be provided complying with the relevant performance requirements at the CC stage.</p> <p><b>Performance Solutions</b></p> <p>There are no performance solutions required within the proposed tutoring centre.</p>

BCA Clause	Status	Comment/Recommendation
<p><b>D4D2. General building access requirements</b></p> <ol style="list-style-type: none"> <li>1. Buildings and parts of buildings must be accessible as required by this clause, unless exempted by D4D5.</li> <li>2. Access requirements for a Class 1b building are as follows:               <ol style="list-style-type: none"> <li>a) Dwellings located on one allotment and used for short-term holiday accommodation – to and within a number of dwellings determined in accordance with Table D4D2a.</li> <li>b) A boarding house, bed and breakfast, guest house, hostel or the like, other than those described in (a) – to and within –                   <ol style="list-style-type: none"> <li>i) 1 bedroom and associated sanitary facilities; and</li> <li>ii) not less than 1 of each type of room or space for use in common by the residents or guests, including a cooking facility, sauna, gymnasium, swimming pool, laundry, games room, eating area, or the like; and</li> <li>iii) rooms or spaces for use in common by all residents on a floor to which access by way of a ramp complying with AS 1428.1 or a passenger lift is provided.</li> </ol> </li> </ol> </li> <li>3. For the purposes of (2)(a), a community or strata-type subdivision or development is considered to be on a single allotment.</li> <li>4. For a Class 2 building, common areas are to be accessible as follows:               <ol style="list-style-type: none"> <li>a) From a pedestrian entrance required to be accessible to at least 1 floor containing sole-occupancy units and to the entrance doorway of each sole-occupancy unit located on that level.</li> <li>b) To and within not less than 1 of each type of room or space for use in common by the residents, including a cooking facility, sauna, gymnasium, swimming pool, common laundry, games room, individual shop, eating area, or the like.</li> <li>c) Where a ramp complying with AS 1428.1 or a passenger lift is installed –                   <ol style="list-style-type: none"> <li>i) to the entrance doorway of each sole-occupancy unit; and</li> <li>ii) to and within rooms or spaces for use in common by the residents.</li> </ol> </li> </ol> </li> </ol>	<p>Capable of complying at CC stage</p>	<p><b>Class 9b – Reformer Pilates Studio</b></p> <p>Access is required to and within the proposed reformer pilates studio, except for any areas exempt from being accessible (refer to Clause D4D5 for list of exempt areas).</p> <p>Building access requirements to be confirmed at CC design stage.</p>

# ERGON CONSULTING

BCA Clause	Status	Comment/Recommendation
<p>d) The requirements of (c) only apply where the space referred to in (c)(i) or (ii) is located on the levels served by the lift or ramp.</p> <p>5. For a Class 3 building, access requirements are as follows:</p> <p>a) Common areas:</p> <p>i) From a pedestrian entrance required to be accessible to at least 1 floor containing sole-occupancy units and to the entrance doorway of each sole-occupancy unit located on that level.</p> <p>ii) To and within not less than 1 of each type of room or space for use in common by the residents, including a cooking facility, sauna, gymnasium, swimming pool, common laundry, games room, TV room, individual shop, dining room, public viewing area, ticket purchasing service, lunch room, lounge room, or the like.</p> <p>iii) Where a ramp complying with AS 1428.1 or a passenger lift is installed –</p> <p>A) to the entrance doorway of each sole-occupancy unit; and</p> <p>B) to and within rooms or spaces for use in common by the residents.</p> <p>iv) The requirements of (iii) only apply where the space referred to in (A) and (B) are located on the levels served by the lift or ramp.</p> <p>b) To and within sole-occupancy units – in accordance with Table D4D2b.</p> <p>6. For Class 5, 6, 7b, 8 and 9a buildings, access must be provided to and within all areas normally used by the occupants.</p> <p>7. For a Class 7a building, access must be provided to and within any level containing accessible carparking spaces.</p> <p>8. For a Class 9b building, access requirements are as follows:</p> <p>a) Schools and early childhood centres – to and within all areas normally used by the occupants.</p> <p>b) An assembly building, not being a school or early childhood centre – to and within –</p> <p>i) wheelchair seating spaces provided in accordance with D4D10; and</p> <p>ii) all other areas normally used by the</p>

compartment. 3. For the purposes of (1), design occupancy must be calculated in accordance with D2D18, but excluding any area that— a) can only be accessed by staff, employees, contractors, maintenance personnel and the like; or b) is subject to an exemption under D4D5.		

# ERGON CONSULTING

## 5. STATEMENT OF DESIGN COMPLIANCE (DA DESIGN)

Ergon Consulting has completed a review of the design documentation relative to the detail provided, with reference to the minimum applicable accessibility requirements found within Part D4, Clause E3D6, E3D7, E3D8, Clause F4D5, F4D6, F4D7, F4D12 of the Building Code of Australia 2022 Volume 1, Disability (*Access to Premises - Building*) Standards, relevant Australian Standards as applicable to this project (*i.e. AS1428.1-2009*), Manly DCP 2013 Part 3.6 (*applicable accessibility requirements*) and general best practice access requirements.

This statement confirms accessibility can be appropriately achieved with the provided comments and recommendations. This report confirms the client's commitment to providing an equitable and accessible environment for all.

As such, we believe the development approval may be issued as the proposed reformer pilates studio can achieve a reasonable level of access and meet statutory requirements, subject to further assessment of the construction design documentation.

We trust this statement of compliance is satisfactory. Should you have any questions, please do not hesitate to contact the undersigned.

Yours faithfully,
