Apologies, Adam. I meant to say Hi Adam, not Alan.
Cheers

Hi Alan,

Following our recent discussion, as owners of 77 Myola Road, we cannot see any problems with the renovation of the house at 77A, apart from the driveway.

We noted that the plans at this stage do not include renovation of 77A's driveway, but plans issued and the Statement of Environmental Effects in the present DA seem to suggest that our driveway, (which has been used under written permission by the owners of 77A), would continue to be used after renovations are complete.

As discussed with Jon Milligan, we regret we are not able to continue permission for residents of 77A to use our driveway. Please note that our property is not encumbered with any right of way for 77A, nor is any right of way indicated on any of 77A's property documentation.

David and Mary Catchlove

Owners, 77 Myola Road Newport.
