RE: DA2020/1136 - 13 Pacific Road PALM BEACH NSW 2108

I am disappointed to see the height of this development

I understand it will block the view from the street

It will protrude much further than the both the current property and infringe on the vista of the neighbours.

It also appears to be above the current height restrictions for the fall of the property.

All of which I oppose

While I am pleased that they intend to improve their property I am surprised by the choices
