COMPLIANCE CERTIFICATE

This letter is to certify that I will install the Free Standing wood heater at the above property in accordance with the Building code of Australia and current Australian Standard 2918. 2001. There will be an approved floor shield/ hearth floor protection fitted along with the correct approved triple flue system fitted. This System is compliant with all relevant legislation. The flue pipe will also be fitted to the manufacturer specifications and requirements. The external flue height will be raised up above the roof line / ridge at the correct height.

Regards

Brad Stringer
