RE: DA2020/1453 - 4 Collaroy Street COLLAROY NSW 2097

To whom ever it my concern,

I previously worked for a café located at the shop front to the backpackers at Collaroy, I know the area very well.

After many decades of neglect from the council, Collaroy is in disrepair. The local community is dying, and becoming a pass through suburb instead of the destination it once was.

This development is wholeheartedly supported as it has so many benefits that will help revive the community.

Thank you, Michael
