**RE: DA2021/1841 - 8 Coronation Street MONA VALE NSW 2103**

As a local resident I object strongly to this proposal. It does not comply with the density of housing in the area, is located more than 409 metres from Mona Vale shopping centre, should be one dwelling per lot in this area. It is also absolute against the character of the area and will also increase congestion and traffic in an area already straining with visitor vehicles. I can't believe that council is letting this go ahead!
