We object to the use of land on Freshwater Reserve for basically commercial usage.

The reserve land has a limited amount of open space . Council's development approval's have commercial entities " chipping away" at our limited reserve space.

This current Council doesn't seem to want to buy existing properties to add to the reserve space as did previous councils , the exact opposite.

The development of the restaurant should we believe be modified to reduce the occupancy of the reserve.

Regards,

A/Professor Chris Griffiths AM
and Mrs Catherine Griffiths
