To whom it may concern,

The DA for this amazing new indoor facility at Cromer is something the local northern beaches community needs.

I would like to show my 100% support for this development.

I have read the development application and the purpose of use for this facility and agree that the local school and cricket community would be for greatly from this new development in Cromer.

This will only benefit the future of cricket in the community which is very successful. It will also keep our kids active and off the streets by giving them an indoor facility to train at when the weather doesn't allow this.

Thanks Michael Osbourne
