RE: DA2024/0597 - 21 Oaks Avenue DEE WHY NSW 2099

Oaks Avenue is already highly congested with traffic.
Meriton development all the shops around and restaurants
Takes sometimes 15-20min to get out on Pittwater rd from oaks in that corner
You have just introduced more cars in something that is highly congested.
You need to do something with the traffic before you start introducing more cars and
appartments
Or be transparent and allow developments without car parking. As you have advised me in
writing, when I asked council what is the solution for the traffic congestion, I.e. not to drive
anymore but take bus.
This is another one in a very poor decisions the council has made.
