RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107

I do not think this submission fits in with the landscape and feel of Whale Beach. Whale Beach is not Bondi Beach. It is a small quiet beach and to try and turn it into a busy traffic congested beach would be really sad for the locals and the environment. The driving access is already difficult at times and to increase the traffic to this submission would make traffic on Whale Beach Rd as well as surrounding roads chaos. It already is at busier times of the year and this would only get worse.
