

Landscape Referral Response

Application Number:	DA2021/2580
Date:	20/01/2022
Responsible Officer:	Nick England
Land to be developed (Address):	Lot 6 DP 736961 , 10 Fern Creek Road WARRIEWOOD NSW 2102

Reasons for referral

This application seeks consent for the following:

- Construction / development works within 5 metres of a tree or
- New residential works with three or more dwellings. (RFB's, townhouses, seniors living, guesthouses, etc). or
- Mixed use developments containing three or more residential dwellings.
- New Dwellings or

Officer comments

The development application is for the construction of a dwelling house and associated site and landscape works upon Lot 7.

Council's Landscape Referral staff have assessed the proposal against the following Pittwater 21 DCP Controls (but not limited to):

- B4.22 Preservation of Trees and Bushland Vegetation
- C1.1 Landscaping
- D16 Warriewood Valley Locality, and in particular D16.5 Landscaped Area for Newly Created Individual Allotments, and D16.12 Fences

The property within the lot boundaries contains one existing native tree, that requires removal due to development impacts as recommended in the Arboricultural Impact Statement submitted and no concerns are raised subject to a like for like tree replacement of T10 Bangalay Gum within the rear of the property. The Landscape Plan proposes a Eucalyptus citriodora at the rear of the property and this shall be replaced with a Bangalay Gum as imposed by conditions.

Existing street trees are present within the road verge of Fern Creek Road as well any other road verge street tree within the development, and all shall be protected and not impacted by construction activities including deliveries, and protection is subject to conditions of consent.

The Architectural Plans include fencing and associated walling to the development front setback and this shall be removed. Under DCP control D16.12 Fences, the front setback between public and private land shall be delineated by vegetation, such as low hedges, garden beds or the like, and fencing is not permitted forward of the front building line to ensure an appropriate front setback landscape amenity to the streetscape.

A Landscape Plan is submitted proposing landscape works to enhance the landscape setting of the lot development and no concerns are raised, subject to conditions of consent, including an Amended Landscape Plan to provide detailed plans at Construction Certificate stage to ensure compliance with

the Pittwater 21 DCP landscape controls, and the following shall be documented or amended on the detailed plans:

- the plant schedule shall include a minimum of 70% endemic vegetation, with all canopy trees to be endemic, whilst smaller trees may be exotic,
- exempt species are to be removed from the proposed plant schedule and these include Cupaniopsis, Fraxinus and Howea species listed in the development application document,
- environmental weeds are not permitted to be planted and shall be removed from the proposed plant schedule and these include Cupaniopsis, Rhipiolepis and Pennisetum species listed in the development application document,
- canopy tree endemic planting shall be either Angophora costata, Eucalyptus botryoides, Syzygium smithii, and Waterhousia floribunda where space permits, and smaller trees shall be selected from Backhousia myrtifolia, Eleocarpus reticulatus, Hymenosporum flavum, Syzygium leuhmannii, and Tristaniopsis laurina,
- all tree planting is to be located a minimum of 3 metres from existing and proposed dwellings,
- each tree is to be located at least 1.5 metres from adjoining common residential side boundaries,
- hard landscape materials and landscape structures (excluding front setback fencing and walling) shall be in accordance with the development application document,
- fencing is not permitted forward of the front building line. Boundaries between public and private land shall be delineated by vegetation, such as low hedges, garden beds or the like.

Subject to conditions as imposed, Landscape Referral raise no concerns.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Landscape Conditions:

CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

Amended Landscape Plan

An Amended Landscape Plan to provide detailed plans at Construction Certificate stage to ensure compliance with the Pittwater 21 DCP landscape controls, and the following shall be documented or amended on the detailed plans:

- the plant schedule shall include a minimum of 70% endemic vegetation, with all canopy trees to be endemic, whilst smaller trees may be exotic,
- exempt species are to be removed from the proposed plant schedule and these include Cupaniopsis, Fraxinus and Howea species listed in the development application document,
- environmental weeds are not permitted to be planted and shall be removed from the proposed plant schedule and these include Cupaniopsis, Rhipiolepis and Pennisetum species listed in the development application document,
- canopy tree endemic planting shall be either Angophora costata, Eucalyptus botryoides, Syzygium smithii, and Waterhousia floribunda where space permits, and smaller trees shall be selected from Backhousia myrtifolia, Eleocarpus reticulatus, Hymenosporum flavum, Syzygium leuhmannii, and Tristaniopsis laurina,
- the like for like replacement tree for T10 to be removed shall be 1 x Eucalyptus botryoides,
- all tree planting is to be located a minimum of 3 metres from existing and proposed dwellings,
- each tree is to be located at least 1.5 metres from adjoining common residential side boundaries,
- hard landscape materials and landscape structures (excluding front setback fencing and walling) shall be in accordance with the development application document,
- fencing is not permitted forward of the front building line. Boundaries between public and private land

shall be delineated by vegetation, such as low hedges, garden beds or the like.

Certification shall be provided to the Certifying Authority by a qualified Landscape Architect that these amendments have been documented.

Reason: Landscape amenity.

CONDITIONS THAT MUST BE ADDRESSED PRIOR TO ANY COMMENCEMENT

Tree Removal Within the Property

This consent approves the removal of the following tree within the property (as recommended in the Arboricultural Impact Assessment):

- i) T10 Bangalay Gum (*Eucalyptus botryoides*), subject to tree replacement
- ii) a qualified AQF level 5 Arborist shall identify these trees on site and tag or mark prior to removal

Note: Exempt Species as listed in the Development Control Plan or the Arboricultural Impact Assessment do not require Council consent for removal.

Reason: To enable authorised development works.

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

Protection of Existing Street Trees

All existing street trees in the vicinity of the works and any street trees at the development site frontage shall be retained during all construction stages and thereafter. Existing tree guards shall be maintained in place.

Should any street tree along the site frontage not contain a tree guard or the existing tree guard is damaged during works, tree protection fencing consisting of a four sided 1.8m high x 2.4m length standard wire mesh construction fence, in accordance with Australian Standard AS 4687-2007: Temporary Fencing & Hoardings, shall be installed around the tree for the duration of the works.

Any street tree damaged or removed shall be replaced at a minimum container size of 200 litres, and in accordance with guidelines provided by Council.

Reason: to retain and protect tree planting on development sites.

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE

Landscape Completion

Landscaping is to be implemented in accordance with the approved Amended Landscape Plan.

Prior to the issue of any Occupation Certificate details (from a qualified landscape architect) shall be submitted to the Certifying Authority certifying that the landscape works have been completed in accordance with any conditions of consent.

Reason: Environmental amenity.

ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES

Landscape Maintenance

If any landscape materials/components or planting under this consent fails, they are to be replaced with similar materials/components. Trees, shrubs and groundcovers required to be planted under this consent are to be mulched, watered and fertilised as required at the time of planting.

If any tree, shrub or groundcover required to be planted under this consent fails, they are to be replaced with similar species to maintain the landscape theme and be generally in accordance with the approved Landscape Plan and any conditions of consent.

All weeds are to be removed and controlled in accordance with the NSW Biosecurity Act 2015.

Reason: To maintain local environmental amenity.
