RE: DA2020/1758 - 11 Lewis Street BALGOWLAH HEIGHTS NSW 2093

we object to proposed development on the grounds that the location is at breaking point as regards traffic chaos morning and afternoon. Lewis street is narrow and only restrictive parking available with 700 students at the school and teachers unable to find parking it seems unbelievable that more traffic will be entering this street creating more dangerous situations for both drivers and pedestrians .
