**RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099**

I oppose to the tower being put on a playing field where children play all the time, especially at the moment during covid where these fields are used by many families for outdoor time, and also so close to North Curl Curl Primary School. Once again Optus is trying to avoid the telecommunications guidelines which state where existing telecommunication towers exist they should be shared and upgraded .... e.g. Harbord Road tower. There is also not enough evidence to prove these towers are not harming us.
