RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107

The Bilgola Bends is a state owned road and one of the very few left that frames the ocean and is forested. Local residents and visitors enjoy the natural landscape and should expect that the council would at least, preserve this .

I drive to the beaches weekly to visit ageing parents ; it's often congested and can be dangerous . A woman died in a traffic incident only recently !!

Please don't ruin the northern beaches with totally obscene and imposing developments .

I also query pedestrian traffic from the home , mail delivery and garbage collection?

I strongly object.
