RE: DA2020/1453 - 4 Collaroy Street COLLAROY NSW 2097

Dear assessment manager of DA2020/1453,

It is pleasing to submit support for what I see as a milestone project for Collaroy Town Centre, its residents and the beaches community in general, on what is the largest single remaining land holding in the town centre that is yet to be redeveloped and, at the same time, which is capable of delivering a project of such scale and strategic significance in the area.

I believe this development will freshen up the village and streetscape, will improve the village feel and vibrancy; will deliver strategic public benefit and amenity; will deliver a fitting coastal and stepped design; is appropriate in its built form and is in the desired character of the area.

This project has my full support and I believe the community overwhelmingly supports good investment and outcomes such as this will provide.

Sincerely,

Mark Wieland
