**RE: REV2021/0006 - 181 Allambie Road ALLAMBIE HEIGHTS NSW 2100**

Strong objection: 2020 2021 0006

Please do not allow the construction of retirement units in Allambie Heights as it will adversely impact the habitat of threatened species, the biodiversity and beauty of the precious bushland surrounding Manly Dam and the quality of the water.

The bushland is under constant threat and we must do everything possible to preserve it.

Thank you.

Margaret Ritchie
