

DA2020/1233 OBJECTION TO CHANGES at Mounties Watermark Freshwater

My parents are Mike & Julie Appleton residents at Watermark Freshwater since 2018.

My husband and I actually objected to Mum & Dad moving into an over 55 complex as it seems to us from media reports that the seniors buy one thing and end up with something very different. And this proves our point.

So far we have been very pleased with the management of the complex. Although it would now seem that many changes were taking place in the background without any prior consultation nor advice to the residents.

Take away the village green and the security and peaceful lifestyle is gone. How will the security of the units that surround the court yard be maintained. How will the noise be managed if the *Bowlers, Club members and their guests* are welcomed to *social roll up and training*? Although *competition and friendship days* are mentioned in the DA – I doubt there is enough space for those activities, even so this is not the place for them.

We absolutely object to those proposed changes.
