Subject: DA2025/0132 objection

Hi there,

I strongly object to development plan DA2025/0132.

This street is already crazy busy with cars and congestion. It often takes 10mins to get from one end of Roseberry st to the other. There is also a lot of shops, children and foot traffic in the area. Adding more cars and drunk people walking there at midnight from manly is dangerous and will lead to an accident.

Regards,

Nikki
