**RE: DA2021/1805 - 4 Alexander Street COLLAROY NSW 2097**

DA2021/1805

I'd like to support the above development - a well designed medium density residential development. The low scale and stepped back massing of the built form presents to the street as low density, keeping the vernacular of the single residential houses of the street. The abundance of planting and landscaping also supports the local vernacular feel.
