Dear Sir,

PLANNING PROPOSAL PP0007/13

We have received your information concerning the planning proposal for Jackson & Boondah Roads Warriewood and am favourably impressed with the concept.

The land as outlined is ideal for expansion of shopping facilities that are badly needed as Warriewood housing and unit development increases.

We would like to see a Grace Bros. or Myers to be part of the complex which would compliment the existing Centro facility and rival Warringah Mall which will benefit Pittwater and its residents immensely.

Yours sincerely
