RE: DA2021/0680 - 16 Bangaroo Street NORTH BALGOWLAH NSW 2093

I believe a childcare centre in this location is a serious traffic hazard. The changing demographics aside, here are my reasons for objecting this centre

*It is right across the road from a bus stop. During peak hour, when the parents will be dropping off there are buses stopping at that bus stop often and it will block vision

* The roundabout is so close to the driveway, it will back traffic up in both directions with cars trying to get in and out

* The parents parking on street will also cause traffic chaos and reduce vision for traffic and children riding their bikes or walking to and from school

* I believe the extra traffic will put more lives at risk as there have already been a number of accidents at the roundabout closest to the proposed centre.

Please, please, please reject this proposal.

Kelly
