RE: DA2025/0024 - 158 Pacific Parade DEE WHY NSW 2099

Hello,

The proposed plans raises a few concerns and i am against it proceeding in its current DA. Application.

The height is way too high.

The development is too large / bulky for the block itself. It will be a eyesore.

Also the traffic on pacific parade and the strand already is a nightmare - especially at peak periods this will make worse. The service station has traffic banked up on many occasions.

The development is not suitable.
