Subject: D2020/1514 a/o Rebecca England

Hi Rebecca,

We'd like to make a submission about this application. We are the owners of 40 Consul road and already we have difficulty navigating the streets at school drop off and pickup times. Adding a significant number of children to the already large number will only make this worse. Can you please make sure that the traffic management is taken into account when making a call on this application?

Thank you,

Joe Bramwell-Smith
