

Natural Environment Referral Response - Biodiversity

Application Number:	Mod2023/0194
Proposed Development:	Section 4.55 (1a) Minor Environmental Impact
Date:	05/06/2023
Responsible Officer	Maxwell Duncan
Land to be developed (Address):	Lot 1 DP 774980 , 1 / 0 Veterans Parade NARRABEEN NSW 2101

Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

There are no biodiversity objections to the proposal, subject to replacement planting on a 2:1 ratio and pre-clearance surveys. It is recommended that replacement trees are scribbly-gum species *Eucalyptus haemastoma*, which is generally more characteristic of the proximal vegetation communities than *Eucalyptus racemosa*.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

Pre-clearance Survey

Any habitat for native wildlife (including tree hollows) approved for removal is to be inspected for native wildlife prior to its removal. If native wildlife is found within habitat to be removed, a licensed wildlife rescue and rehabilitation organisation must be contacted for advice.

Any incidents in which native wildlife are injured or killed as a result of works are to be recorded, in addition to details of any action taken in response.

Written evidence of compliance (including records of inspections and any wildlife incidents) is to be provided to the Principal Certifier prior to any Occupation Certificate.

Reason: To protect native wildlife.

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE

Protection of Habitat Features

All natural landscape features, including any rock outcrops, native vegetation and/or watercourses, are to remain undisturbed except where affected by necessary works detailed on approved plans.

Details demonstrating compliance are to be provided to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To protect wildlife habitat.

No Weeds Imported On To The Site

No Priority or environmental weeds (as specified in the Northern Beaches Local Weed Management Plan) are to be imported on to the site prior to or during construction works.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority and environmental weeds.
