hello  
Regarding

# Application Number: DA2019/1260

I am opposed to the density of the development  
There is not adequate parking- double garage should be the requirement  
There are too many trees being cut  
The development is not consistent with the requirements of north Avalon residents creating more congestion  
Too many cars to fit on the street  
Please review the plans  
Hannah Richmond  
Tasman road north Avalon
