Subject: Mod 2017/ 0340 / Lot 1 DP 1170245, East Esplanade, Manly

I wish to object to proposed development Mod 2017/0340 on the grounds that the development would:

1. Change the facade of the the iconic heritage Manly Wharf.
2. Bring additional cars into the area, which will only serve to worsen the existing serious parking issues already faced by residents.

Yours sincerely
