WASTE MANAGEMENT PLAN

Address

98 Old Pittwater Road, Brookvale

Buildings & other Structures on Site

Existing industrial buildings

Brief Description of Proposal

Repair to foundations of existing industrial building.

Demolition

Minor demolition of the existing dwelling. Any demolition waste will be reused on site where practical or disposed of at a registered waste facility.

Construction

Construction waste will be reused on site where possible or disposed of via a registered waste management facility with receipts being provided upon request.

On site Waste

On site waste will be reused on site where possible or disposed of via a registered waste management facility with receipts being provided upon request.

On-going Management of Waste

Any ongoing waste will be disposed of with general domestic waste or through a private contract.
