Dear Sir/Madam,

Re: Confirmation of Hydraulic Plans Acknowledgment of change from Alterations and additions to Knock Down Rebuild – 92 Narrabeen Park Pde Warriewood

I am writing to confirm that I have reviewed the revised plans for the proposed knock down rebuild at 92 Narrabeen Park Pde Warriewood, which supersede the previously approved alterations and additions plans.

I acknowledge that the building footprint and envelope remain unchanged from the original Development Application (DA) submission. As such, there is no material change affecting the hydraulic design, and the originally approved hydraulic plans remain applicable to the new build.

Please do not hesitate to contact me should you require any further clarification.

Yours sincerely,

Full Name [APFS]: Leon Dimino
