Subject: DA 2020/1233

My name is Margaret Whelpton and I am a resident of Watermark over 55's Apartments in Evans Street, Freshwater.

I am writing to express my very strong objection to the planned DA no. DA2020/1233.

My main objection is the security and safety of the residents with the proposal of a licensed bowling green area for large numbers being in such close proximity to apartments, particularly all ground floor apartments.

I find it abhorrent that alcohol can be served in a community Environment of elderly residents who purchased with the view of quiet, safe retirement living, certainly not amidst noisy, drinking public events.

Yours sincerely

Margaretp Whelpton
